

Chocolate Coating – Substitute for Almond Bark

12 oz Trader Joe Chocolate Chips
4 Tablespoon Vegetable Shortening
1 Cup Powder Sugar

Mix together in glass bowl. Microwave for a minute and stir. Then microwave in 20 second intervals until totally melted. Well look like thin frosting when ready.

(If you want it to be a syrup consistency instead you can make with 2 Tablespoons of shortening and $\frac{1}{2}$ cup of normal sugar but it seemed a little gritty and my daughter wanted it to be a little sweeter)
